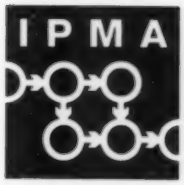
INTERNATIONAL JOURNAL OF
PROJECT MANAGEMENT



Index to Volume 14: 1996

Author

Aggarwal, R and Rezaee, Z Total quality management for bridging the expectations gap in systems development 115
Alidi, A S Use of the analytic hierarchy process to measure the initial viability of industrial projects 205
Allinson, C W see Pant, D P
Andersen, E S Warning: activity planning is hazardous to your project's health! 89
Ayas, K Professional project management: a shift towards learning and a knowledge creating structure 131
Baccarini, D The concept of project complexity—a review 201
Belassi, W and Tukel, O I A new framework for determining critical success/failure factors in projects 141
Bjeirmi, B F see Munns, A K
Boardman, J T see Ramsey, D A
Boardman, J T see Sherman, D G
Boon Siong Neo see Siew Kien Sia
Bowers, J see Rodrigues A
Braganza, A see Levene, R J
Chatzoglou, P D and Macaulay, L A A review of existing models for project planning and estimation and the need for a new approach 173
Cole, A J see Ramsey, D A
Cole, A J see Sherman, D G
Denker, G R see Laufer, A
Dey, P K, Tabucanon, M T and Ogunlana, S O Petroleum pipeline construction planning: a conceptual framework 231
Egginton, B Multi-national consortium based projects: improving the process 169
Eskerod, P Meaning and action in a multi-project environment. Understanding a multi-project environment by means of metaphors and basic assumptions 61
Filinov, N B see Jaafari, A
Fleming, Q W and Koppelman, J M Integrated project development teams: another fad... or a permanent change 163
Fowler, A Case experience of implementing configuration management in a UK shipbuilding organization 221
Graham, J H Machiavellian project managers: do they perform better? 67
Harris, F C see Kometa, S T
Hawwash, K I M see Wang, W
Hayes, J see Pant, D P
Heafield, A see Remenyi, D
Heindel, L E and Kasten, V A Next generation PC-based project management systems: the path forward 249
Heindel, L E and Kasten, V A Next generation PC-based project management systems: implementation considerations 307
Hougham, M London Ambulance Service computer-aided despatch system 103
Hsu, J P and Yeo, K T A systematic approach to re-engineer a Public Research Institute (PRI) for commercialization 387
Hui, M Y T see Tam, C M
Ibbs, C W see Kartam, S
Jaafari, A Time and priority allocation scheduling technique for projects 289
Jaafari, A and Filinov, N B Re-engineering the Productivity Initiative Programme 395
Jearkjirm, V see Ogunlana, S O
Jolivet, F and Navarre, C Large-scale projects, self-organizing and meta-rules: towards new forms of management 265
Kartam, S and Ibbs, C W Re-engineering tools: CPR System Models 359
Kasten, V A see Heindel, L E
Kirby, E G The importance of recognizing alternative perspectives: an analysis of a failed project 209
Kometa, S T, Olomolaiye, P O and Harris, F C A review of client-generated risks to project consultants 273
Koppelman, J M see Fleming, Q W
Laufer, A, Denker, G R and Shenhar, A J Simultaneous management: the key to excellence in capital projects 189
Lawson, D J Low cost engineering centres 111
Levene, R J and Braganza, A Controlling the work scope in organisational transformation: a programme management approach 331
Lin, S S see Ren, H
Macaulay, L A see Chatzoglou, P D
Marshall, B see Raz, T
McElroy, W Implementing strategic change through projects 325
Mohamed, S and Tucker, S Options for applying BPR in the Australian construction industry 379
Munns, A K and Bjeirmi, B F The role of project management in achieving project success 81
Navarre, C see Jolivet, F
Newcombe, R Empowering the construction project team 75
Nicolò, E Fundamentals of the total ethical-risk analysis method (TERAmethod) with a study of crucial problems in managing distributed multimedia 153
Ogunlana, S O see Day, P K
Ogunlana, S O, Promkuntong, K and Jearkjirm, V Construction delays in a fast-growing economy: comparing Thailand with other economies 37
Olomolaiye, P O see Kometa, S T
Pant, D P, Allinson, C W and Hayes, J Transferring the western model of project organisation to a bureaucratic culture: the case of Nepal 53
Parkin, J Organizational decision making and the project manager 257
Partington, D The project management of organizational change 13
Perry, J G see Wang, W
Promkuntong, K see Ogunlana, S O
Quartey Jnr, E L Development projects through build–operate schemes: their role and place in developing countries 47
Ramsey, D A, Boardman, J T and Cole, A J Reinforcing learning, using soft systemic frameworks 31
Raz, T and Marshall, B Effect of resource constraints on float calculations in project networks 241
Remenyi, D and Heafield, A Business process re-engineering: some aspects of how to evaluate and manage the risk exposure 349
Ren, H and Lin, S S The UK construction industry under cyclical high inflation, high interest rates and recession 301
Rezaee, Z see Aggarwal, R
Riihelä, S Conducting projects like music 137
Rodrigues, A and Bowers, J The role of system dynamics in project management 213
Shenhar, A J see Laufer, A
Sherman, D G, Cole, A J and Boardman, J T Assisting cultural reform in a projects-based company using Systemigrams 23
Shih, H M and Tseng, M M Workflow technology-based monitoring and control for business process and project management 373
Siew Kien Sia and Boon Siong Neo The impacts of business process re-engineering on organizational controls 341
Smith, N J see Yusuf, K O
Tabucanon, M T see Day, P K
Tam, C M and Hui, M Y T Total quality management in a public transport organisation in Hong Kong 311
Tseng, M M see Shih, H M
Tucker, S see Mohamed, S
Tukel, O I see Belassi, W
Tullett, A D The thinking style of the managers of multiple projects: implications for problem solving when managing change 281
Turner, J R Editorial 1, 59, 129
Wang, W, Hawwash, K I M and Perry, J G Contact type selector (CTS): a KBS for training young engineers 95
Webb, A One hump or two? 121
Williams, T M The two-dimensionality of project risk 185

Wirth, I How generic and how industry-specific is the project management profession? 7
Yeo, K T Guest Editorial: Management of change—from TQM to BPR and beyond 321
Yeo, K T see Hsu, J P
Yusuf, K O and Smith, N J Modelling business processes in steel fabrication 367

Title

A new framework for determining critical success/failure factors in projects **Belassi, W and Tukel, O I** 141
A review of client-generated risks to project consultants **Kometa, S T, Olomolaiye, P O and Harris, F C** 273
A review of existing models for project planning and estimation and the need for a new approach **Chatzoglou, P D and Macaulay, L A** 173
Assisting cultural reform in a projects-based company using Systemigrams **Sherman, D G, Cole, A J and Boardman, J T** 23
A systematic approach to re-engineer a Public Research Institute (PRI) for commercialization **Hsu, J P and Yeo, K T** 387
Business process re-engineering: some aspects of how to evaluate and manage the risk exposure **Remenyi, D and Heafield, A** 349
Case experience of implementing configuration management in a UK shipbuilding organization **Fowler, A** 221
Conducting projects like music **Riihelä, S** 137
Construction delays in a fast-growing economy: comparing Thailand with other economies **Ogunlana, S O, Promkuntong, K and Jearkjirm, V** 37
Contract type selector (CTS): a KBS for training young engineers **Wang, W, Hawwash, K I M and Perry, J G** 95
Controlling the work scope in organisational transformation: a programme management approach **Levene, R J and Braganza, A** 331
Development projects through build–operate schemes: their role and place in developing countries **Quartey Jnr, E L** 47
Editorial **Turner, J R** 1, 59, 129
Effect of resource constraints on float calculations in project networks **Raz, T and Marshall, B** 241
Empowering the construction project team **Newcombe, R** 75
Fundamentals of the total ethical-risk analysis method (TERAmethod) with a study of crucial problems in managing distributed multimedia **Nicolò, E** 153
Guest Editorial: Management of change—from TQM to BPR and beyond **Yeo, K T** 321
How generic and how industry-specific is the project management profession? **Wirth, I** 7
Implementing strategic change through projects **McElroy, W** 325
Integrated project development teams: another fad... or a permanent change **Fleming, Q W and Koppelman, J M** 163
Large-scale projects, self-organizing and meta-rules: towards new forms of management **Jolivet, F and Navarre, C** 265
London Ambulance Service computer-aided despatch system **Hougham, M** 103
Low cost engineering centres **Lawson, D J** 111
Machiavellian project managers: do they perform better? **Graham, J H** 67
Meaning and action in a multi-project environment. Understanding a multi-project environment by means of metaphors and basic assumptions **Eskerod, P** 61
Modelling business processes in steel fabrication **Yusuf, K O and Smith, N J** 367
Multi-national consortium based projects: improving the process **Egginton, B** 169
Next generation PC-based project management systems: implementation considerations **Heindel, L E and Kasten, V A** 307
Next generation PC-based project management systems: the path forward **Heindel, L E and Kasten, V A** 249
One hump or two? **Webb, A** 121
Options for applying BPR in the Australian construction industry **Mohamed, S and Tucker, S** 379
Organizational decision making and the project manager **Parkin, J** 257
Petroleum pipeline construction planning: a conceptual framework **Dey, P K, Tabucanon, M T and Ogunlana, S O** 231
Professional project management: a shift towards learning and a knowledge creating structure **Ayas, K** 131
Re-engineering the Productivity Initiative Programme **Jaafari, A and Filinov, N B** 395
Re-engineering tools: CPR System Models **Kartam, S and Ibbs, C W** 359
Reinforcing learning, using soft systemic frameworks **Ramsey, D A, Boardman, J T and Cole, A J** 31
Simultaneous management: the key to excellence in capital projects **Laufer, A, Denker, G R and Shenhar, A J** 189
The concept of project complexity—a review **Baccarini, D** 201
The impacts of business process re-engineering on organizational controls **Siew Kien Sia and Boon Siong Neo** 341
The importance of recognizing alternative perspectives: an analysis of a failed project **Kirby, E G** 209
The project management of organizational change **Partington, D** 13
The role of project management in achieving project success **Munns, A K and Bjeirmi, B F** 81
The role of system dynamics in project management **Rodrigues, A and Bowers, J** 213
The thinking style of the managers of multiple projects: implications for problem solving when managing change **Tullett, A D** 281
The two-dimensionality of project risk **Williams, T M** 185
The UK construction industry under cyclical high inflation, high interest rates and recession **Ren, H and Lin, S S** 301
Time and priority allocation scheduling technique for projects **Jaafari, A** 289
Total quality management for bridging the expectations gap in systems development **Aggarwal, R and Rezaee, Z** 115
Total quality management in a public transport organisation in Hong Kong **Tam, C M and Hui, M Y T** 311
Transferring the western model of project organisation to a bureaucratic culture: the case of Nepal **Pant, D P, Allinson, C W and Hayes, J** 53
Use of the analytic hierarchy process to measure the initial viability of industrial projects **Alidi, A S** 205
Warning: activity planning is hazardous to your project's health! **Andersen, E S** 89
Workflow technology-based monitoring and control for business process and project management **Shih, H M and Tseng, M M** 373

Book Reviews

Becoming the Best **B Popplewell and A Wildsmith** (J Campbell) 317
Beyond TQM **R L Flood** (R Baker) 125
Distribution Planning and Control **D F Ross** (J Rogers) 317
Goal Directed Project Management **E S Andersen, K V Grude and T Haug** (C M Mwense) 125
Making TQM Work **K Sadgrove** (J N Wright) 125
Managing a Quality System Using BS/EN/ISO 9000 **P Jackson and D Ashton** (D Shannon) 255
Managing Cultural Diversity at Work **K H Ansari and J Jackson** (D Rees) 317
Managing Overseas Construction Contracting **D A Langford and V R Rowland** (D Topping) 187
Practical Benchmarking **S Cook** (R Pharro) 125
Privatised Infrastructure: the BOT Approach **C Walker and A Smith** (J R Turner) 255
Project Management: A Managerial Approach **J R Meredith and S J Mantel** (J R Turner) 187
Project Management Demystified—Today's Tools and Techniques **G Reiss** (A Tulip) 317
Project Management: Engineering, Technology and Implementation **A Shtub, J F Bard and S Globerson** (D Lock) 125
Project Management in the Process Industries **R Whittaker** (J R Turner) 255
Stand and Deliver **R L Kliem and I S Ludin** (D Woodward) 317
The Management of Projects **P W G Morris** (S Wearne) 187
The New Leaders **P Taffinder** (D Rees) 317
Total Project Management of Construction Safety, Health and Environment (2nd edn) **European Construction Institute** (D Crowther) 125
